Equipment Order for Existing Credit Card Merchant Accounts

Equipment will be billed to the same FAMIS account as merchant's monthly fees.

Department Name: _____

Merchant Account Name: _____

Merchant Account Number: _____

Contact: _____ Phone: _____

Business Admin or Dept. Head Signature: _____

Equipment

Bluefin P2PE for tablet/smartphone (Wisepad 2)

\$169 + \$20/month + \$0.10/trans. Qty. _____

This device pairs with a tablet or smartphone to securely transmit card numbers over a cellular signal or wifi. Tablet/smartphone NOT INCLUDED.

Bluefin P2PE for PC (SRED-2)

\$260.00 + \$20/month + \$0.10/trans Qty. _____

This card reader/keypad plugs into a PC via USB. Cashiers use a web interface to enter dollar amount and customer info, then swipe or key in the card on the encrypting keypad.

Bluefin P2PE countertop terminal (PAX A80)

\$283.00 + \$20/month + \$0.10/trans Qty. _____

This card reader is most similar to the desktop "Verifone" terminals many merchants are already familiar with. It is a standalone device with an internal printer but connects via Ethernet rather than dial-up, making it much faster.

Ingenico Move 5000 (mobile cellular card reader)

\$399.00 + \$25/month Qty. _____

This card reader is similar to the mobile "Verifone" terminals, but with 4G LTE cellular instead of 3G. It is a standalone device with an internal printer.

Prices listed above do not include shipping charges, which range from \$10-\$15.
